

Gulf Lagniappe Public-Adult Education Workshop

Join us for an informative morning with scientists and learn more about our featured topics!

Fisheries Health & Coastal Ecosystems

Featured Scientists:

Dr. Tara Duffy & Dr. Chuck Wall

Gulf Lagniappe is for adults (18 years old or older) who would like to learn more about Louisiana's marine and coastal environments and the effects of the 2010 BP oil spill. Each workshop is a one-day long experience designed to foster a better understanding of and deeper appreciation for Louisiana's coast. The topics covered at each workshop are important environmental issues of the Gulf of Mexico region and focus on research conducted since the Deep Water Horizon Oil Spill .

The LUMCON cafeteria will provide lunch on workshop days to those who register. The cost is \$10 / person for each session.

****Space may be limited so pre-registration is encouraged!**

Louisiana Universities Marine Consortium

Gulf Lagniappe Public Education Workshop

Every workshop will offer participants the chance to learn from research scientists whose work helps to define what we understand about coastal Louisiana's unique environment. Other activities include a cruise aboard one of LUMCON's research vessels, the R/V *Acadiana*; a tour of the DeFelice Marine Center; laboratory activities and more.

The LUMCON cafeteria will provide lunch on workshop days to those who register.

The cost is \$10 / person for each session.
