

Coastal Waters Art & Science Camp

June 7-13, 2015

**DeFelice Marine Center, Cocodrie, LA
for students in grades 8-12**

Contact: Murt Conover; mconover@lumcon.edu or (985) 851-2860

Cost: \$225/Student

This summer art and science camp experience is designed to give students who want to learn more about coastal wetland science and art a unique opportunity to explore both disciplines. Each student will participate in science-based exploration of our coastal marshes through field trips to the coastal areas surrounding the DeFelice Marine Center. Students will also approach the experiences as artists and use the marshes as inspiration for art projects they will complete during camp.

No experience needed... only a willing mind!

Camp Highlights (included in camp cost):

- ◆ Hands-on science activities in the marsh
- ◆ Trips aboard research vessels and paddling trips
- ◆ Training in wetland science and art with professional scientists and artists
- ◆ Meals and lodging at the DeFelice Marine Center provided

Spaces Available: 10 total*

**only students in grades 8-12 will be considered.*

Application Deadline: May 16, 2015

Application Information: Interested students must submit the following application materials:

- ◆ a completed application form (provided on the back)
- ◆ a 1 page essay on their interest in either wetland science or art
- ◆ 1 current teacher recommendation

Event funding is provided by a grant from BP/Gulf of Mexico Research Initiative.
