

The Coastal Waters Consortium &  
the Louisiana Universities Marine Consortium (LUMCON)  
Presents

# *Ship Time & Shoreline*

July 11-15, 2016

*DeFelice Marine Center, Cocodrie, Louisiana*

Ship Time & Shoreline is a teacher workshop designed to immerse educators in the coastal habitats of South Louisiana and give them insight about various science methods. Field and laboratory activities will highlight the scientific methods being used by Coastal Waters Consortium researchers. Participants will spend the week meeting and interacting with scientists, exploring various coastal environments, and learning about the field and laboratory methods being used and how that information can be used back in the classroom.
